RED CROSS 1922 ROLL CALL

Red Cross and Health and Welfare League Co-operating In The New Work

PAY DUES NOW AND HELP

The Executive Committee of the Bourbon County Red Cross Chapter, asks that everyone pay his 1922 dues this week. An effort will be made to reach every adult in the county this week, either by letter or in person, to remind them that now is the time to join or renew membership in the Red Cross.

Headquarters have been established in the new Farm Bureau office on Main street, opposite Frank's store. Call there, pay your dollar and receive your membership certificate. Fifty cents of the dollar goes toward the work of the national organization. Fifty cents stays in Bourbon county. This past year a school nurse was employed by the local chapter, who examined practically all the school children in the county. She discovered many physical defects which she and Mrs. Minaker, Health and Welfare League Nurse, working together, were able to get corrected. The Red Cross nurse, Miss Meinzer, had to leave the county because a disability received in service so broke down her health that she had to stop work. Another nurse may be secured to go on with this work if sufficient members are secured to finance the plan.

Bourbon county's disabled service men are increasing in /number, many who at first seemed entirely well have developed tuberculosis and other diseases during the past year. Bourbon County Chapter must maintain an office to assist these men adjust their claims against the government. Pay your dues so that Bourbon county may share in the work being done by the Red Cross at home and abroad and especially that the Bourbon County Chapter may not fail to do its duty by the men who are disabled, because they fought for

The Paris High School football eleven fought their way to a brilliant victory on McClintock Field Friday aftermoon when they administered a defeat to the Covington High School team by the score of 19 to 14. The teams were evenly matched and fought cleanly and hard. The performance of Paris High in holding Somerset to a score-less tie and defeating Covington High puts them in the front rank of Kentucky High School teams.

ANNUAL MEETING OF CLUB

The Paris Commercial Club Committee, composed of B. J. John F. Davis, Rudolph Davis and W. E. Hacker, completed arrangements for the second annual meet ing of that organization, which will be held in the Y. M. C. A. gymnasium to-night. The opening feature will be a dinner, to be served at 6:30 o'clock. Before and during the dinner musical numbers will be rendered by the Bourbon Orchestra. Community singing will be led by A. L. Boatright, who will also render a vocal solo during the dinner.

Following the dinner a special 'stunt' program will be presen the nature of the "stunts" being held in the strictest secrecy. All members have been duly warned that they will not take offense at anything that may be said about them or anyone else. Short talks will be made by prominent members of the Club, and by Miss Marie Collins, County Chairman of the Red Cross Roll Call, and Mrs. M. P. Knight, representing the Kentucky Children's Home Society. Every guest will be given an opportunity to get a handsome souvenir, which will go to the person holding a lucky number drawn from a hat.

This will also be the time for the annual election of Club officers. All votes must be cast between 8:00 a. m., and 8:00 p. m., at the office of the Club during the day, or at the Y. M. C. A. during the evening. The votes will be counted during the annual meeting and the results announced as the concluding feature of the program. Tickets for the dinner were distributed yesterday to members of the Club and invited guests.

The Block Signals Are Working___

In some respects, human experience is like railroading.

Every moment of the business and social day the block signals are giving right of way to keenness and alertness -while the slow and the heavy must wait on the sidetrack for their chance to move forward.

The ability to "go through" and to "get there" depends much on the poise of body, brain and nerves that comes with correct diet and proper nourishment.

That's why so many choose Grape-Nuts for breakfast and lunch. Served with cream or milk it is completely nourishing, partly pre-digested, and it supplies the vital mineral salts so necessary to full nutrition.

Grape-Nuts has a rich, delightful flavor, is ready to serve on the instant -and is distinctly the food for mental and physical alertness and speed. At all grocers.

on Titan and International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment-platform, fenders, governor. belt pulley-which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor.

(Other Personats on Page 5) SHOP EARLY AND SHOP IN PARIS

Only five weeks, or about thirtyone shopping days, now intervene until Christmas, the big holiday festival that gladdens the heart of the world once a year. To the improvident this is a warning that carries no injunction with it; it gives no lesson to the "foolish virgins" and they are legion—among the vast

hordes of Christmas shoppers. But to the thoughtful person it is a danger signal, like a red light at the switch. It means that for the best values, the most considerate attention among salespeople, the largest varieties from which to select, and the most satisfactory results in every way, your Christmas buying must be done within the next thirty-one shopping days. This is indis-

It is yet too early to do much of your shopping. Paris' Christmas stocks are not well filled, but it is high time you are doing your Christmas thinking, which, to the wise shopper, precedes the purchase of every gift. Draw a chart of your Christmas needs, and begin to cast about for them. Inquire of this store and that, what you may expect from their stock in the particular article you want. Give them time to order for you before the last terrible rush is on.

Just in a few words: Do your Christmas shopping in Paris. It is not only the best city for miles around, but it offers, in practically every line, the biggest values to the economical purchaser. The stores of Paris make every county seat surrounding it look like second-hand quarters. This is what the literatures would call an "invidious comparison," but the values of all life are established by comparison, and we did not know any better way to make you appreciate the real worth of Paris stores. Obey the injunction of the caption of this article. Shop early, get your purchases complete by December 1 to 15, and shop in Paris. There's intelligence and discrimination in both.

A Wonderful Floor Entirely Devoted to Everything for Boys and Girls of All Ages

Forty-five years ago Mabley's, Cincinnati, was founded upon the idea that the boys and girls of this community were important. For forty-five years that idea has been developing. One result has been a specialized knowledge of young people's needs unequaled anywhere. And another result has been

Parents—and mothers emphatically—cannot help but greatly appreciate the convenience and comfort of doing all the shopping for the boys and girls, from littlest tot to the lad and lass almost ready to step out of their teens, ALL ON ONE FLOOR.

This floor will be one of the city's show places. In its completeness, in size and in its comforts it ranks as one of the few floors of its kind in America.

Its entire 20,000 square feet are given over to

- -Boys' Clothes, Shoes, Hats, Caps, Furnishings, Hosiery and Underwear.
- -Girls' Dresses, Suit, Coats, Skirts, Millinery, Hosiery, Shoes and Underwear.
- -Infants' Apparel of all kinds-Nursery Needs, Furniture and Baby Carriages.
- —Children's Barber Shop.

All of which is our admission that we DO like children.

thing gone wrong throws them into goods. or despondency stead of bracing up and meeting ordinary difficulties, they are downed. Nerves are on edge. Appetite lags. Sleep is restless. They are weak and tired and dull. Poor blood works its havoc till the will loses its power. Few people who fall into habits of worry and despondency realize that most of their troubles are due to lack of endurance-to blood that has become weakened by overwork or straining.

Healthy men and women with rich, red blood see things brightly. They tackle life with zest and go along smilingly, full of eagerness and endurance.

Gude's Pepto-Mangan taken steadily restores the blood to its natural richness. It actually makes red corpuscles, the tiny particles in blood which make it red. Druggists have Gude's Pepto-Mangan in liquid and tablet form.

Cause of Earth's Fragrance.

The real cause of the peculiar fragrance of the earth, which is noticeable especially in the spring and after rains, has been found by recent experimenters. It was formerly explained as a result of certain chemical decompositions, but has now been discovered to be the emanation of thread bacteria, of which two species are particularly odorous. Not only do the bacteria isolated from the soil have the earth fragrance, but they rerain it when cultivated on very varied substances, even on such inorganic materials as pea soup, mitk, glycerine and starch paste.

WATCH YOUR KIDNEYS

Inhaling the fumes of turpentine and white lead often weakens the kidneys. That's one reason why so many painters have bad backs and sick kidneys. Exposure, frequent colds and chills and the strain of climbing up and down ladders help start the trouble.

If your back aches, if sharp pains strike you when stooping, lifting or working; if you have headaches, dizziness, rheumatic pains; if the urine is discolored or passages painful and scanty, try Doan's Kidney Pills, the remedy so widely used and so well recommended by men in the painting trade. Here's a Paris testimony.

Ed. Richardson, painter and decorator, 552 Vine street, says: "I

suffered severely from my back and it put me past going. I am a painter by trade and handling so much tur-pentine and inhaling its fumes is what I blame for the cause of the trouble. Many a night I was annoyed by the frequent action of my kidneys and would have to get up many times to pass the secretions and this greatly disturbed my rest. I had dizzy spells and felt sick all over until I got Doan's Kidney Pills at Oberdorfer's Drug Store. I used several boxes as directed and they fixed me

up in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Richardson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MANUFACTURES IN CITIES OF KENTUCKY.

The Department of Commerce, through the Bureau of the Census, reports the general results of the 1920 census of manfacturers, covering the year 1919, for the cities of Kentucky. The figures are preliminary and subject to such change and correction as may be found necessary from a further examination of the reports.

The census of manufactures, 1919, like that of 1914, exclude the hand trades, the building trades, and the neighboring industries, and took actrolled and operated by a single individual, partnership, corporation or other ownes or corporation, and are located in the same town or city.

The reports were taken for the calendar year ending December 31, 1919, or the business year of the establishment most nearly conforming to that calendar year.

The census inquiry calls for the amount of capital, both owned and borrowed, invested in the business, but excludes the value of rented

THE NURSES' UNION

Can the rules and regulations of the labor union be applied to the services of a trained nurse in a manner which squares with the duties of her profession?

This is the question which seems to be raised by the revolt of Dr. Chas. H. Mayo, head of the famous Mayo clinic at Rochester, Minnesota. Dr. Mayo is calling for 100,000 sub-nurses to relieve "the acute shortage." He maintains that the leaders of the new nurses' union have carried their methods too far doing this have defeated their own of the real impulse of their profession, the alleviation of the pain of

A Paramount Picture. From the Thrilling Story by Richard Washburn Child

"Heliotrope" is a picture that is 'different." No mawkish sentiment. no undue emphasis is on sex love, no world problem solved-just a great big appealing theme unfolded in a picture that strikes the same lofty plane that only "Humoresque," "The Miracle Man," and a few others attained.

Written by a master of fiction and played by a cast of prominent screen players, "Heliotrope" is one of the cinema sensations of the season. You cannot see it and not feel better for the experience. ce.

As "Humoresque" sho wed to the world the heart of a mother, so "Heliotrope" stands as the greatest story of father-love ever filmed .

The title role in "Heliotrope" is played by Frederick Burton, for nearly twenty years a prominent figure on the American stage. Diana Allen, formerly one of the Ziegfeld Follies beauties, and Wilfred Lytell, brother of Bert Lytell, have the leading juvenile roles.
